FOUR HORSEMEN, RIDING AT MIDNIGHT, STAR-TLE CAPITOL.

Montgomery, Ala., Feb. 1.—The "Four Horsemen" are abroad in Montgomery. Not the four horsemen of the novel by Ibanez, but a more modern and Southern variety. They ride at midnight, leaving notes at various homes, with warnings to the inmates that they must get rid of certain social conditions said to exist about the premises.

Their last visit was made Friday night. Coming from nowhere, apparently, the four riders left their notes at some houses in the residential section and then withdrew quietly. Police have no clue, they say, and no arrests have been made.

TWO NEGROES MEET VIOLENT DEATH AT TROY.

Troy, Ala., Feb. 3.—Jim McNeil, a negro boy 13 years old, was killed Sunday afternoon by a shot from a shotgun. He and another small negro boy were playing at his home near Pea river, when in some way the gun fired and McNeil was shot in the abdomen. The accident happened about noon and the boy died a few hours later. No accurate report has been obtained as to the manner in which the gun was discharged, but no arrests have been made.

Jealous because he discovered Emma Carter, nee, with another man, Michael Croford, a negro employee of the county, struck her over the head with an iron mallet and killed her instantly. The killing occurred about 9 o'clock Sunday night.

Croford went to the woman's home and when he saw Bradberry, flew into a jealous rage. He struck Bradberry down with the iron and then ran after the woman who had fled into the alley between East Academy and Walnut streets.

Her skull was crushed by the blow and her left arm, which she evidently threw up to protect her head, was broken. As soon as he saw that his victim was dead Croford made good his escape. When officials arrived on the scene about 200 negroes had collected, but the dead woman had not been touched. Bradberry was not seriously hurt.

The negroes had been mad for some time. A quart bottle containing a small quantity of gasoline was found near the house.

There was a boy who, when he went off to college, always wore the number 3 on him somewhere, and over his desk that same figure was hung, and in his books "I am third" was written on the fly leaves. He was such a fine boy that every one was curious to know what the significance of the mysterious number meant. His explanation was this: "I have determined to put God first, the other fellow second and myself third."

That boy had the key to life, both present and future. Wherever anybody fails to make himself third, he fails to understand what the church stands for.

Years ago our forefathers made bumper crops without the aid of commercial fertilizers. That was when the lands were new and rich in plant food. That day has passed, just as sure as the successful farmer is getting away from the use of low analysis fertilizer and replacing it with the higher.

WHY? LESS Labor. LESS Hauling. LESS Freight to pay. LESS Bags to handle. LESS Bags to buy. MORE Time to fight insects. MORE Plant food. MORE Profits.

Make your 1925 crops a success by using High Analysis Fertilizers 12-4-4 or 15-5-5.

The annual fair for the colored schools of Coffee County, will be held at the Coffee County Training School, in Enterprise, on Friday and Saturday, February 27 and 28, according to announcement just made by school officials in charge of the work.

There will be Industrial and Classroom exhibits from the colored schools of the county, and exhibits of sewing, canning, poultry, livestock and agricultural exhibits from the colored people generally. Prizes will be awarded to the schools for the best exhibit.

Mr. Gussie Wyrosdick was called to the home of his father, who lives near Victoria, Wednesday night on account of the serious illness of "Uncle John," as he is known by his many friends in the county. The last report from Mr. Wyrosdick was that he is resting well, but his condition is considered serious.

After finishing up my motor, skelter, I found I had about \$175 still left in my jeans so I went run to the First National Bank and had all of this money put in a bank and I mean my jeans in case of accident.

No agin want the best place to keep your money is in a bank and not hid out round the house sommers.

Liza's stockin has a hole in it. I'm not riskin it no longer. Ain't right, Liza? I don't mind spendin a nite away from home if I git a good bed to sleep in and I knowed that that is avay from a place when me and Sim stop at the Brick Hotel. A good bed ain't all neither. Mr. Garrett keeps nice clean rooms. Both these gentlemen are well known in the business circles of Elba and have many friends who wish them much success.

NEW THEATRE WILL OPEN FRIDAY WITH "THE COVERED WAGON"

Elba's new movie theatre will be opened tomorrow, Friday, according to announcement made in today's paper, with one of the best pictures that has ever been produced—"The Covered Wagon." It will be remembered that this picture was booked here for a run early last month, but on account of the fire which destroyed the theatre, the picture could not be shown.

The new theatre has been put in first class shape for the opening, every detail having been looked after carefully, and the announcement that it will be ready to open on tomorrow will be received with interest. All equipment in the new theatre is of the very best quality, and movie fans are assured a good show.

The manager of the theatre, Mr. Henry Spurlin, made special plans in order to have the "Covered Wagon" for his opening show. This picture, one of the best that has ever been shown in the Southeast, has been shown wherever it has been shown. The picture will be shown here Friday and Saturday, both in the afternoon at 3:00 o'clock and at night at 7:30 o'clock. Popular prices have been announced for this picture.

Announcement has also been made that a Radio Receiving Set will be installed at the new theatre, and patrons will have the pleasure of listening in on some of the best musical programs broadcasted. This, no doubt will be a very interesting part of the program each night at the show.

Less Acres to Cotton And Heavier Fertilization Says Agent; Every Farmer Should Use 700 Pounds On a Few Acres Under Cotton

The most successful farmers with whom we have talked during the past ten years, tell us the best way to determine number of acres to plant in cotton is to first figure on your labor and land, the largest acreage you could handle if you have had in several years, and from rain, sickness, etc., then divide this maximum possible acreage by two and this will give you the correct number of acres to plant in cotton. This means if a man on a certain farm with his labor could work twenty acres in cotton provided everything ran smoothly, he should cut this acreage in two, work it well, fertilize heavily and he will make more money in the end.

Every Farmer Should Use 700 Pounds of Fertilizer On a Few Acres Under Cotton.

During the past two years the farmers in Southeast Alabama, in cooperation with the Alabama Experiment Station have found that 400 pounds acid phosphate, 200 pounds nitrate, and 100 pounds muriate of potash, 200 pounds under cotton. In 1923, a bad rainy fall weevil year, those who used this mixture averaged a half bale cotton per acre, while the average in Coffee County was around a bale to ten acres, and we made better cotton than a large number of counties in Alabama. This proves conclusively that heavy fertilization in the right proportions is the best insurance against the bad crop year and the boll weevil. Last year was a good cotton year and this 700 pound mixture averaged close to a bale per acre on every farm where used in Southeast Alabama. The bad years however are the ones to use a heavy application because they will succeed in keeping the boll weevils off the cotton and the farmer nothing. Let EVERY FARMER IN COFFEE COUNTY TRY 700 LBS. OF FERTILIZER PER ACRE THIS YEAR.

MRS. CONNER HOSTESS TO TEA CLUB.—Mrs. Claude Conner was hostess to the Tea Club Friday afternoon, from three to five, at her home in Brunson Town. The living room was attractively decorated with cut flowers and ferns. The afternoon was most pleasantly spent in needle work and conversation.

Mrs. Conner, assisted by Mrs. Walter Whitman served a delicious salad course with hot tea. When the repast had been enjoyed to the fullest extent, the climax was reached by the ushering in of the birthday cake filled with lighted candles, and following this was a great bundle of telegrams, special delivery letters and congratulations from friends in different sections of the South. These were handed to the pastor who read them to the assembled guests.

At a late hour the guests departed, leaving good wishes and love for the host and his wife, who have journeyed so long on life's pilgrimage together, and with whom more mile posts may be passed by them. —F. M. L.

MRS. COOPER ENTER-TAINS MUSIC CLUB.—The Senior Music Study Club was delightfully entertained at the home of Mrs. R. L. Cooper Thursday afternoon. A beautiful program comprised of musical numbers and readings was rendered.

A short business meeting was presided over by the efficient president, Mrs. Mercer Rowe.

Mr. Lester Pearce, of Alexandria, Va., is spending a few days with his parents, Mr. and Mrs. J. R. Pearce. His many friends are always glad to see him back at home.

Mrs. S. A. Taylor, wife of the Baptist pastor, was sick last week with flu. Her friends were glad to know that she is able to be out again.

DEATH OF MR. NEWTON SPIVEY.

Friends throughout this community were deeply grieved to learn of the death of Mr. F. Newton Spivey, which occurred at the Troy hospital on January 27, 1925, where he underwent an operation for appendicitis. His body was returned home for burial and was laid to rest at New Home cemetery. Funeral services were conducted by Rev. C. O. Helms and son, Otis.

Deceased was the son of Mr. and Mrs. Lanford Spivey. He was 17 years of age and is survived by his parents, one brother, Ellis, and a number of uncles and aunts, and other relatives and friends. He was a good boy and was loved by everyone who knew him. He was ill only a short time, three days, when the end came. He was turned into the hands of his loving school mates for burial, after the funeral services and a song, "How Sweet the Name of Jesus Sounds."

He was a loving child whose face we will often miss while here on earth we stay, but we will pray God to help us to meet again some better day.

Our dear friend is gone, but not forgotten. May God bless each and every one and help them to meet the one who is gone. We join their many friends in extending sympathy to the bereaved family and loved ones in their sad hours.

YOUTH GOES TO SLEEP ON RAILROAD TRACK AND IS KILLED.

Jasper, Ala., Feb. 7.—Robert Woods, 17, son of Mr. and Mrs. James Woods, of Bankhead, was to be buried in Parish Saturday afternoon because he went to sleep on a railroad track.

The youth, with a cousin, Rich Woods, had been out hunting Friday. Becoming tired, they sat down on the tracks of the Northern of Alabama near Bankhead. Both fell asleep. Rich Woods says he awoke just in time to jump up. His companion was crushed beneath the engine. Engineer C. R. Jackson states he saw the boys on the track and tried to stop in time but was unable to because of the down grade.

Reports are required from all the standing committees—Cemetery, Education, Hospital and Superintendence. The chairman of each committee is asked for a written report.

An outstanding feature of this meeting will be the election of delegates to the District conference which is to be held in April. As our church is representative, this is the body in which the membership must express themselves as to their convictions on the great question of Unification; and elect delegates which will express their views. This quarterly conference should send its delegates instructed.

Commissioners' Court Proposes \$60,000 Bond Issue For Bridges and Culverts; Election Is Called Monday, March 16th.

The Commissioners Court of Coffee County at its meeting last week, unanimously passed resolutions proposing a bond issue of \$60,000 for the purpose of building new Steel or Iron bridges and concrete culverts on the highways of the county. The proposed bonds are to run for twenty years and are to bear interest at the rate of 5 per cent per annum. An election has been called for Monday, March 16, 1925, for the purpose of ascertaining the wishes of the people, in regard to the proposed bonds. Every citizen of the county has the right to express by his ballot his desire in the matter of this bond issue.

We publish below the resolutions passed by the court in regard to the matter, also a statement of why the bond issue is proposed, which is self-explanatory:

Bridge Bond Resolution.
The Court of County Commissioners of Coffee County, Ala., met in regular and adjourned session at the Court House in Elba, Alabama, on Wednesday, February 13th, 1925, there being present J. A. Canby, Judge of Probate, and principal Judge, and Commissioners W. H. Ward, J. C. Donaldson, Mace Kyser and J. J. Moore.

W. H. Ward moved the adoption of the following resolution, which motion was duly seconded by J. J. Moore, and which resolution and preamble are as follows:

Whereas, Coffee County is in great need of permanent bridges which can only be constructed by steel and concrete materials; and, Whereas it is the judgment of the members of the Court that it will be most economical to construct in the County steel bridges across the larger streams, and to construct concrete culverts upon the graded and permanent roads being built and to be constructed in the future, and that the indebtedness incurred in the construction of such bridges and culverts can be paid by the issue of bonds; and, that the construction and maintenance of such bridges and culverts will mean a great saving in expenses to the County during many years to come; Therefore, be it resolved that the County shall issue \$60,000 (or such amount as may be necessary, not exceeding \$60,000) 20 year, 5 per cent bonds, to be designated Bridge and Culvert Bonds, for the purpose only of constructing Steel or Iron bridges and concrete culverts upon the highways of Coffee County, Alabama.

That it is further resolved that said bonds shall be dated April 1, 1925, and shall bear interest at the rate of 5 per cent per annum, interest payable semi-annually, and that the principal shall be payable annually in sums of \$3,000 annually; that is, \$3,000 shall be set aside a year for the retirement of 8 bonds in denomination of \$1,000 a bond, said interest and principal to be payable in New York City, as by and through the following considerations in the matter of proposing this bond issue:

1. The exhaustion of the supply of bridge lumber and the consequent high prices of good bridge lumber. The rapid shipment of lumber from the County renders it very difficult to obtain the necessary supply of lumber for necessary bridges.

2. The recent flood disaster makes it necessary to rebuild many bridges in the County at an early date, and this expense cannot be borne without heavy indebtedness to the County.

3. The members of the Court of County Commissioners wish to state to the people of the County that they were influenced by the following considerations in the matter of proposing this bond issue:

1. The exhaustion of the supply of bridge lumber and the consequent high prices of good bridge lumber. The rapid shipment of lumber from the County renders it very difficult to obtain the necessary supply of lumber for necessary bridges.

2. The recent flood disaster makes it necessary to rebuild many bridges in the County at an early date, and this expense cannot be borne without heavy indebtedness to the County.

3. The members of the Court of County Commissioners wish to state to the people of the County that they were influenced by the following considerations in the matter of proposing this bond issue:

WELL KNOWN CITIZEN, MR. JOHN WYROSODICK, DIED LAST SATURDAY.

Mr. John Wyrosodick, well known Coffee county citizen died at his home a few miles above town on last Saturday morning, following an illness of only a few weeks duration. He was nearly 70 years of age, and until about a year ago had always enjoyed the very best of health. He was confined to his bed only about six weeks before death came.

Mr. Wyrosodick was a good man, held in high esteem by those who knew him and news of his death was received with much regret. The funeral services were conducted by Rev. T. W. McKnight on Sunday morning, and the body was laid to rest at Pleasant Ridge cemetery.

Mr. Wyrosodick is survived by his wife and the following children: A. B. Wyrosodick, of Newnan, Ga., J. A. Wyrosodick, of Ellaville, Ga., Mrs. Willie DuBose, of Columbus, Ga., Mrs. E. C. Moore, of Kinston, J. H. Wyrosodick, of Samson, and W. and J. G. Wyrosodick, both of Elba.

We join friends in extending deepest sympathy to the bereaved family.

MISS HAM ENTERTAINS FIVE HUNDRED CLUB—

Miss Lurline Ham gave a lovely party Friday afternoon when her guests were members of the Five Hundred Club. Hearts and other symbols of Valentine day were used for decorations. Games were played at two tables. Following the games a tempting salad course was served. Miss Lurline Harper and Mrs. W. M. Brunson were guests of the club at this delightful party.

Mr. Conrye Mays made a business trip to Dothan Thursday.

Mr. and Mrs. Edmund Hudson have moved into the E. W. Taylor home. The people on Buford street are glad to have this splendid family in their midst.

Mr. and Mrs. Jordan Lindsey visited relatives at Seagrave, Fla., the first of the week.

Indebtedness which would necessarily result in affecting the credit of the County.

3. The interest on the bonded debt will be much less than the cost to the county of maintaining wooden bridges during the twenty years, and expense has shown that steel bridges are the most economical to the County.

4. The Road and Bridge Funds of the County will take care of the principal and interest payments each year and leave a surplus to take care of the small bridges and to aid in road building and maintenance.

5. The interest on \$60,000 for the first year will be \$3,000. By paying or retiring \$3,000 of the principal a year, the interest payments will be decreased each year. The second year the interest will be \$2,850. The third year \$2,700; the fourth year \$2,550, and so on \$150 less each year until the 20th year the interest installment will be \$150. This is the plan proposed by the County Commissioners, which will retire all the bonds in twenty years. The bridges and culverts will be good even after full payment has been made of the bonds. Some iron bridges in the County which were built over 25 years ago are still in good shape and annually save the County expenses of rebuilding.

6. If the people think well of this proposition, they are asked to vote in favor of the proposed issue on March 16th, 1925.

Respectfully,
J. A. Canby,
Judge of Probate.

BRIEF ILLNESS IS FATAL TO JOHN Q. ADAMS, EDITOR OF OZARK.

Ozark, Ala., Feb. 16.—John Q. Adams, editor and proprietor of the Ozark Star, register in chancery of Dale County, assistant clerk of the Alabama house of representatives, and one of Dale county's most prominent and beloved citizens, died at his home here Monday evening at 8:25 o'clock, after an illness extending over a period of only a week. He was 47 years of age.

Several days ago, Mr. Adams' illness reached a critical stage, but late Monday afternoon his condition seemed to have taken a turn for the better and it was hoped he might recover. Some time later, however, he grew worse and his strength dwindled away until the end came.

For more than a decade, Mr. Adams had served as assistant clerk of the house of representatives at each successive session of the Alabama legislature. Partly on account of this fact and partly through his newspaper work, he was personally acquainted with practically every Alabamian of prominence, and to him was vouchsafed a circle of friends which in numbers and extent, is enjoyed by few men.

He is survived by his widow, three sons, Jesse B. Adams, John Q. Adams, Jr., and William Adams, all of Ozark; his mother, Mrs. Joseph A. Adams of Ozark; one sister, Mrs. Frank Howell, also of Ozark, and one brother, Jesse C. Adams, of Montgomery.

Funeral services will be held from the residence, Monday morning, at 10:00 o'clock.

At the conclusion of the games, the hostess assisted by Mrs. Mercer Rowe and Miss Sallie Page served a salad course.
